

Gifts of Stock and/or Appreciated Securities to NSRWA

Thank you for your support! The following outlines the process to make a gift of stock or appreciated securities to NSRWA.

All correspondence must be handled directly with Vanguard. Donor must contact their broker and request gifting shares paperwork. In some cases, this can be handled electronically but in most will be a manual process. Donor's brokerage firm shall process the necessary paperwork and forward it to NSRWA's broker who is Vanguard.

Stock donations transferred directly to NSRWA's brokerage account arrive without donor information. Please complete the form and send to NSRWA so that we may correctly identify your contribution with the stock being transferred and properly acknowledge your gift.

Please send copies of this form to your broker AND to NSRWA. For questions, please call Gabriela Silva, Director of Development and Community Engagement at 781-659-8168 or by email at gabriela@nsrwa.org
